Employment

Since 2025	**Associate Professor**, Rotterdam School of Management, Erasmus University, Rotterdam, Netherlands
2021 - 2025	**Assistant Professor**, Rotterdam School of Management, Erasmus University, Rotterdam, Netherlands
2019 –2021	**Postdoctoral Researcher**, Center for Decision Sciences, Columbia Business School, Columbia University. Supervisor: Eric J. Johnson

Education

2016 - 2020	**Ph.D., Marketing and Management**, University of Geneva. Supervisor: Prof. Benjamin Scheibehenne. Title: *Relevant consumer research: prediction, explanation, and replication.*
2012 - 2015	**Ph.D., Social Psychology,** University of Bern. Supervisor: Profs. Margit Oswald and Karl Christoph Klauer. Title: *The Influence of the Ease of Mental Imagery on Source Memory and Item Memory*
2010 - 2012	**MSc, Psychology**, University of Bern
2007 - 2010	**BSc, Psychology**, University of Hamburg

Research Interests

My research bridges cognitive science, behavioral science, and applied decision research in marketing and public policy. I combine cognitive theory, computational modeling, and large-scale behavioral data to understand how people search for information, form preferences, and respond to behavioral interventions. Methodologically, my work spans Bayesian hierarchical modeling of cognitive processes, process-tracing methods such as eye- and mouse-tracking, and large-scale text analysis using large language models. A central focus of my research is using cognitive theory to explain heterogeneity in measurement and effect sizes across studies and contexts. I apply these theoretical and methodological approaches to address policy-relevant challenges, particularly in the domain of climate change.

Teaching Experience

Year	Title	Program
2026	Meta-analyses and Meta-studies: Research Synthesis and Generalizability Task: Design and delivery	PhD, Global School in Empirical Research Methods
2025-	MBA summer school Task: Design, coordination and delivery	MBA, *Rotterdam School of Management*
2023-	Noise: Understanding Errors in Human Judgement and Prediction	MSc Marketing, *Rotterdam School of Management*

	Task: Design and delivery	
2026	Networking Task: Design and delivery	Ph.D. Workshop, *Rotterdam School of Management*.
2024, 2026	Current Topics in Marketing Research Task: Teaching and designing one session	Ph.D. Course, R*otterdam School of Management*
2022	Preferences and external validity of lab decisions Task: Design and delivery	Ph.D., EADM Summer school
2018	Introduction to R Task: Teaching one out of three days on specific functions and packages in R for data presentation and programming of web applications, the remaining two days were held by Benjamin Scheibehenne.	Ph.D. Course, University of Geneva
2016-2017	Consumer Behavior I Task: Teaching multiple sessions and preparation of the exam, the remaining sessions were held by Benjamin Scheibehenne	Bachelor in Economics and Management, University of Geneva
2016-2018	Consumer Behavior II Task: Preparation of the exam, the sessions were held by Benjamin Scheibehenne	Bachelor in Economics and Management, University of Geneva
2017	Consumer Research Task: The course is split in a practical and a theoretical part, I taught the practical part which is an introduction to R and the theoretical part was taught by Benjamin Scheibehenne	Master in Management, University of Geneva
2022-	Consumer Behavior Task: Teach one session about research around preference measurement. Each session is taught by a different faculty member.	PhD, *Rotterdam School of Management*
2016-2019	Food Marketing Task: Correction, grading, and preparation of weekly homework and in-class presentation, the sessions were held by Benjamin Scheibehenne	Bachelor in Economics and Management, *University of Geneva*
2015	False memories Task: Conceptualization and teaching of the entire course	Bachelor of Science Psychology, *University of Freiburg*
2015	Decision making Task: Conceptualization and teaching of the entire course	Bachelor of Science Psychology, *University of Freiburg*
2013	Empirisches Praktikum Task: Conceptualization and teaching of the entire course	Bachelor of Science Psychology, *University of Bern*
